■ Story In the Lands Between, a quaint town called Astrea appeared as a port town on the coast. Today, Astrea is flourishing and growing rapidly. However, it has been greatly damaged by a strong force... the Black Faction. The Black Faction as a group aiming to prevent the Elden country's restoration has become a formidable danger to Astrea. As the Elden country's restoration is nearing, some of the leading Elden countries are secretly gathered in the Lands Between. The leader of this group of countries, the Transcendent Elden Crown, and the Elden King have appeared in the region as this group has gathered. The Transcendent Elden Crown and the other Elden countries are planning to restore the former glory of the Elden country, the Eternal Land of Grace, even if Astrea must be destroyed to prevent it.

■ Characters A collection of more than 100 characters, including 9 main characters (Henry, Beowulf, Grahf, Elle, Amos, Harvey, Darrow, Toby, and Jule), are awaiting you in Astrea. The main character is "Henry" and he is the only one of the original main characters. The 4 general NPCs are "Beowulf", "Grahf", "Elle", and "Amos".

■ Actions Henry is the main character of the game. You have the duty to lead Astrea and protect it from the Black Faction. The "magic" of Astrea's people, the skills of the various people are used. By using the "Spells", "Spells", and "Mega Spells" you can switch between attack and defense actions. The heroes will gather in Astrea to fight the Black Faction

This is my first entry into the BoB2016. It's true, I will make my debut under the name Tobyaph. I'm not into thorough introductions nor dialogues. I respect my readers too much to waste your valuable time on each other. Instead, to be the first and only BoB article dedicated to both me and Tobyaph, I'll provide you with a short description of what you can expect from the upcoming single player campaign. ... Wait.. what are you talking about? That's not what I signed on for! ;_; Tobyaph is usually far more eager for a new fanon game than I, though I will make an exception in this case. BoB2016 is about an eccentric spacefaring RPG with perhaps mischievously old-fashioned themes. One should expect in-world gaming, but very little backstory information aside from my own favorability for it. One definitely won't find gamellogic that dates from the dawn of games and may be slightly impaired in the graphics department (For the less experienced, Star Fox is the only exception, but I don't need to explain its pixel-art style to you). On the other hand, some could consider it a faithful tribute to some of the greatest roleplaying games in recent memory. GoblinSword1 2015-05-24T22:52:39Z Making a fuss about little things. YOU NEED: * Install Game * Internet connection * Game is very important because you are going to install another game in your pc * Download crack from our site and run it. Enjoy You need to delete the crack file before install If you are a regular user of this crack, feel free to share your experience with us, there will be a special place in our staff's hearts... // NOUS Wow, found the game on tudou for 99yen, bit of a rip-off.. but then, really, 99yen is nothing, who wants to run a similar game? If you really like this game, just find the.exe on google, download it and install it. if you are stupid enough to download cracked version, then open the.exe in your document manager and then you can reset the game. or better, just get the winrar version... it's like.exe, only it's packed in.rar, doesn't have fancy comprimised packet... 1/12/2007 very easy game. maybe a bit more challenging at the start (i got a bit lost at the beginning, the paths are not that plain, so it's easier to go the wrong way) but really easy, mostly on hard mode. so not really difficult if you know how to play and not that hard to keep track of. the game was rather boring to me at first, so i first played it for a few days or something. then i had fun with it, over and over. the combat system is a bit old, but in my opinion it's still quite fun better than too many old combat systems with too many stats and stuff like that. balance is ok, it's not like, for example, a new balance rock to
