I have tried everything by which I can reset the printer to the original code. My printer has some issues regarding paper feed and is not able to connect with the wifi. If i turn off the wifi and connect the printer directly to the pc, it works perfectly and prints on the queue. Please help me how to solve this issue. Thanks, Adil A: I solved the problem by downloading the driver from CODESOFT support and updating the driver. I did restart the print server before updating the driver. We are a busy family who try to live a healthy lifestyle. Mike is a professional bowler and gets his exercise by traveling to tournaments and bowling tournaments all over the country. We get a lot of family time together, traveling and spending time with one another. We are proud parents and enjoy our young girls. Both girls are active and do a variety of sports and activities. They love outdoor activities and love the great outdoors. They learn by doing what they enjoy and enjoy teaching their sisters and their cousins. This family is active in the church in a variety of leadership roles, and our girls are in special needs classes and make great friends. We are involved in our children's school, church and community activities. This is our story. 2013. 2013 was a great year for us as mom and dad finished up our first year of coaching in a church league. Both of our girls reached new heights of skill and physical fitness by competing and winning state tournaments. We ran like crazy all summer and ended the summer with many prizes and trophies. This year, we started at the community park and then, moved to a larger private country club. We love our new league. This is the best league in town and we are proud to be a part of this family-oriented league. 2014. 2014 has been a great year as three girls were promoted to youth league and one of the girls has also reached a state level. Our other girls have grown in their skills and have taken on leadership roles in the church league and their activities. The girls have competed in a great many activities this year, basketball, soccer, cheerleading, golf, hockey, softball, swim and tennis. We have also continued to visit and have fun with their cousins and we enjoy the new location we have moved to. 2015. 2015 has been a great year and we are headed into our third season of coaching
